

TECK BC TRACK ATTACK CHAMPIONSHIPS
TECHNICAL GUIDELINES
2027

The objectives of the Teck BC Track Attack Championships are to (1) bring young skiers together for a memorable and enjoyable weekend of cross country ski competition and fun, (2) meet the needs of a wide range of skill levels and ski experience, (3) encourage achievement through team effort, and (4) encourage good ski technique.

Site Selection

Sites will be selected by Cross Country BC. Sites will be chosen based on (1) appropriate facilities including a warming shelter, (2) the club's ability to guarantee a well-organized event, and (3) the likelihood of the greatest number of participants.

Sanctioning

The Teck BC Track Attack Championships is a provincially sanctioned (Tier 3) event that is listed on the official CCBC Competition Schedule. A sanctioning fee is not required, but all participants are now required to have a day licence issued by Nordiq Canada (see below). Instructions on how to complete the 2026-27 sanctioning process for Tier 3 races will be sent directly to race organizers when they become available.

This event requires a Cross Country BC-appointed Technical Advisor to ensure a fair competition.

Ski Licence

ALL participants (from which more than a \$5.00 entry fee is collected) must purchase a Tier 3 Event Licence regardless of whether they hold a Nordiq Canada Development Licence, or Associate Race Licence. The Tier 3 Event License will be issued to the participants by the race organizers under the direction of Nordiq Canada, and will only be valid for the competition day for which it is issued. The license holder must sign the Informed Consent and Assumption of Risk Agreement as do all registrants in events.

If you have questions regarding either the sanctioning process or Tier 3 Event Licences, please contact Cross Country BC's Partnership & Finance Coordinator Jodi Romyn at office@crosscountrybc.ca or (250) 545-9600.

Title Sponsor

Teck Resources Limited, a diversified resource company based in British Columbia, is the title sponsor of the Teck BC Track Attack Championships.

Teck bibs, provided by the Cross Country BC office, must be used. The office will also provide four horizontal and four vertical Teck site banners for the start and finish area, and a Teck banner/header for the race notice and ZONE4 registration site, start list and results postings.

In addition the office will supply specific awards (medals and ribbons) as described below under 'Awards for Interval Start, Sprint and Relay Events'.

Contact the Cross Country BC's Partnership & Finance Coordinator Jodi Romyn a minimum of six weeks prior your event with the names of the volunteers who will be your Sponsor Liaison, Awards Coordinator and Media Liaison (see attachments below for further information). Email: office@crosscountrybc.ca; telephone: (250) 545-9600.

Contact Jodi a minimum of ten days prior your event to make shipping arrangements for the materials and supplies mentioned above. Email: office@crosscountrybc.ca; telephone: (250) 545-9600.

To view a comprehensive information package on sponsors, awards protocol and media (SAM Information Package) click on: <https://www.crosscountrybc.ca/sam-information-package>

NOTE that the above 'SAM Information Package' is a complete guide for all events up to and including a national championships, and needs to be scaled down accordingly for smaller events such as the Teck BC Track Attack Championships.

Race Notice

The race notice and registration information **MUST** be posted on ZONE4 a minimum of four weeks in advance of the event.

- The Zone 4 registration page should link **directly to your race notice**, rather than just the home page of your club website (linking to the club website home page is a common slip up).
- Ensure the Public Confirmation List is working so that registrants can check to see that their registration was successful.

The Teck 'logo' should not be used as a separate logo! A Teck header/banner with 'Track Attack Championships' on it will be provided by Cross Country BC to the race organizers for the race notice, start lists, results postings and ZONE4 race registration site.

Entries must close no later than Wednesday prior to the event. NO POST ENTRIES ARE ALLOWED.

Please include a link to CCBC's 2026-27 Wax Protocol - <https://www.crosscountrybc.ca/ccbc-wax-protocol-0> - in your race notice. Adherence to this protocol is the responsibility of coaches, parents and wax technicians. (Note: the wax protocol for the 2026-27 skii season may not be updated until fall, 2026).

A basic accommodation list with phone numbers should be included.

In addition, please include a basic accommodation list with phone numbers.

It is important that the race notice is complete with all necessary information that the coaches require. It should be planned carefully, and there should be **NO** changes after it is distributed.

Cancellation

A decision to cancel an event in advance (or change the site due to lack of snow or other factors) **will be made by Cross Country BC** in consultation with the race organizing committee and the Technical Advisor.

A decision to cancel one or more days of competition, or races for specific age categories due to the race conditions during an event **will be made by the Technical Advisor** in consultation with the Jury.

The race notice should include a cancellation policy pertaining to refunds - both for situations in which the participant wishes to withdraw, and for situations where the event is cancelled.

Eligibility

Only skiers born in 2014, 2015, 2016 and 2017 are eligible. No exceptions. Skiers born in 2013 or earlier and skiers born 2018 or later are **NOT** eligible and are **NOT** permitted to participate in this event .

Eligible skiers (those born in 2014, 2015, 2016 and 2017) may only enter in one age category for the duration of the event. When they register initially they can move up an age category, but not down.

Banquet

The Championships includes a banquet or a suitable alternative. If a banquet is not possible the organizers should contact the CCBC Office to discuss other options.

Draw

There is no seeding for this event, just a random draw. The draw for the Interval Start, Relays, and Qualification Round for the Sprints should be held **NO** later than the Thursday night before the event. This is for the convenience of the event organizers.

Information for Coaches

It is the responsibility of the organizers to ensure that the event notice carries most of the necessary information that the coaches will need, and that start lists for the first day are available on ZONE4 AND at the race site no later than 12:00 noon on the Friday.

Course Inspection

The competition courses must be properly groomed and marked for inspection by the skiers/coaches the afternoon prior to the first competition. Many participants will arrive in time to familiarize themselves with the course and they should find course markings for the first day of competition clearly marked out. It is very important that the courses are marked correctly. A course map displayed in the stadium area is not sufficient.

Start and Results Lists

ZONE4 software **must** be used.

Club affiliation **AND** year of birth (YOB) **MUST** be displayed on start lists and **ALL** results including the final results for the King's Court format sprints.

A Teck header/banner with 'Track Attack Championships' on it will be provided to the race organizers for the top of the start and results lists.

The start list for the first day should be posted on ZONE4 no later than 12:00 noon on Friday (except relays). Hard copies should also be posted at the race site no later than noon on Friday.

If an Individual Sprint format is used, ensure that both the Qualification Round start list and the Qualification Round results are posted on Zone4.

In addition to full results postings on Zone 4, the technique awards and the aggregate team points should be posted on the host club web site **as soon as possible** following the event. That will allow CCBC to access the information and broadcast all the results highlights to the ski community.

Timekeeping

A recognized electronic timing system must be used. Clubs may have access to this equipment either through ownership or by borrowing from other sport groups in their community. If that is not possible, a set of equipment can be rented via the CCBC Office.

Each competition requires an independent, secondary timing system that can provide an accurate record of essential data regardless of people, timing equipment or power failures.

Awards for Interval Start, Sprint & Relay Events

Medals for 1st, 2nd and 3rd place in all four age categories - both male and female - will be provided by Teck Resources Limited. Ribbons will be provided for 4th and 5th place finishers.

Out of province skiers are eligible for medals, including medals for relay events.

Special Individual Awards *(for good technique, etc.)*

Prizes will be provided to five skiers with excellent classic technique, and to five skiers with excellent skating technique. Evaluation will take place during the classic interval start and free technique sprint competitions. A minimum of two **CCBC-appointed** coaches, working as a team, will be the judges for this award (the judges must have minimum NCCP Comp-Dev 'in training' status).

Other special awards are encouraged.

Special awards are the responsibility of the host club.

Out of province skiers are eligible for special awards as well the standard awards.

Team/Club Aggregate Trophy

Points are earned by:

1. Participating in an interval start race - 1 point per participant
2. Participating on an official relay team - 1 point per participant
3. Participating on an unofficial relay team - 1 point per participant
4. Participating in a sprint race - 1 point per participant
5. The top 4 placings in an interval start race - 5, 4, 3, 2, points
(this is in addition to points earned for participation)
6. The top 4 placings in a sprint race - 5, 4, 3, 2, points
(this is in addition to points earned for participation)
7. The top 4 official Team placings in a relay event - 10, 8, 6, 4 points
8. The top 5 skiers for best classic technique - 5 points each
9. The top 5 skiers for best skating technique - 5 points each

Points are calculated for individuals and relay teams representing CCBC clubs only.

Points for top 4 relay placings are calculated for official relay teams representing CCBC clubs only.

The Team with the most overall points wins the Team Aggregate Trophy.

A pennant will be provided to the winning Team, as well as a certificate to each member of the Team. It is Cross Country BC's responsibility to provide the banner, and it is the host clubs responsibility to provide the certificates.

The Teck Track Attack Championship Team Trophy is provided by Cross Country BC. This trophy will be displayed at the CCBC Office between Championship events, and Cross Country BC will be responsible for engraving plaques with the name of the winning Team.

Race Format and Technique

Interval Start, classic technique.

15 second interval starts should be used.

Eight categories are offered: born in 2017 (both boy and girl categories), born in 2016 (boy and girl categories), born in 2015 (boy and girl categories) and born in 2014 (boy and girl categories).

Individual Sprint, free technique.

A QUALIFICATION ROUND IS REQUIRED. It is part of the athletes' learning experience. The results must be posted on ZONE4 as soon as possible just as they would be for any other competition. The Qualification Round uses 15 second interval starts.

A "Kings Court" format is preferred so that every participant has the opportunity to ski in the same number of events. However this format requires a high level of race management skill to execute in a timely manner and should only be used if the event organizers feel comfortable doing so. Recommendation: one minute spacing between heats. If the traditional sprint format is used, then all participants must be offered the opportunity to compete in the Qualification Round and a minimum of one heat. Eight categories offered: born in 2017 (both boy and girl categories), born in 2016 (boy and girl categories), born in 2015 (boy and girl categories) and born in 2014 (boy and girl categories).

The sprint course should be straight for the first 40-50 metres (to the first corner), and then provide some corners and a small hill in the middle section. The last section should offer a straight run to the finish - about 50 metres. The total length should be approximately 250 metres, and not more than 300 metres. The design should encourage technique transitions, agility in a crowded field and race tactics.

Relays, mixed technique

Two legs classic technique, two legs free technique (four person teams).
Two categories offered, boy and girl.

An official relay "team" is made up of four skiers from the same club and same gender.

A team which has four skiers which are not from the same club or are mixed boys/girls can participate and acquire participation points for their team, but they will not be eligible for prizes or any points earned as a relay team.

Distances

Distances MUST NOT be greater than those listed below.

Individual Start (m/f)

9 years	2017	2.0 km
10 years	2016	2.0 km
11 years	2015	2.0 km
12 years	2014	2.0 km

Sprints (m/f)

9 years	2017	300 meters
10 years	2016	300 meters
11 years	2015	300 meters
12 years	2014	300 meters

Relays (m/f)

Ages 9-12	(2017, 2016, 2015, 2014)	4 x 1.5 km
-----------	--------------------------	------------

Registration Fees

Event organizers are encouraged to keep their entry fees as low as possible to encourage participation. The maximum fee for the two days of events and the Saturday evening banquet is \$115.00. If a banquet is not possible, and an alternative plan was approved (i.e. an awards ceremony plus additional benefits), the maximum fee would be adjusted accordingly.

Trail Fees

The host club should not charge separate trail-use fees to athletes, coaches or persons assisting coaches on the course inspection day (the day prior to the first event), or on the days that the event is held. In addition, spectators should be allowed access to the competition trails during competitions (to the extent they do not interfere with the competitors) without payment of trail use fees. Instead, organizers should make arrangements ahead of time for payment for use of the Trails for their event, and this expense should be built into the participant's registration fee.

If the host club requires that persons using trails or facilities display a pass, persons who are not required to pay trail use fees may be required to display a pass provided without charge by the

host club. Event participants should not be required to display a pass during the course of a competition.

August 24, 2026
